Dear \${Contacts.First Name},

Miami, as a city, has always been [Worlds Ahead](#). Known as the “Gateway to the Americas”, Miami has grown into a giant, multi-ethnic metropolis. Though young (the city was incorporated in 1896), Miami has a rich history, woven together by the millions who live and travel here every year.

Miami is known for its beaches, nightlife, rich cultural heritage and popular young professional scene. Many also refer to Miami as the “Magic City” for its sights, sounds, people and dynamic cultural community.

FIU students benefit from the university’s prime research location, access to diverse populations and the urban environment of Miami. To truly appreciate FIU, Miami’s only public-research university, we recommend that you review the links below to learn more about Miami’s history, current events and opportunities:

Dear \${Contacts.First Name}:

Thank you for your interest in the Hospitality Management Master's degree at Florida International University. I am the graduate academic advisor and Assistant Dean of Student Services and am happy to work with you to make your experience at FIU a great one.

First, the basics: our regular [Master of Science in Hospitality Management](#) requires 42 credits, which includes 12 credits of hospitality electives. If you have previously taken accounting, finance, marketing and cooking, you will have room for all four electives. If you have not had those prerequisites, you can use your electives to take HFT 5485 (Financial Accounting and Analysis for the Hospitality Industry), HFT 6596 (Marketing Management) and FSS 5755 (International Food Production Management). That will leave you with one elective in the graduate program. For suggested sequencing information, visit the [Graduate Course Sequence Form](#). For those students who'd like to conduct research, we've designed our Thesis Track, which allows students to take several statistics courses and write a Thesis. This program is especially popular for students who may be interested in pursuing a Ph.D. Students with extensive management experience who are currently in a managerial position, may also consider our [Executive Master's Program](#). We also have a Master's degree and Executive Master's degree available via distance learning for students desiring that option. See the following websites for more information:

[Master of Science – Distance Option](#)
[Executive Master's Program – Distance Option](#)

Our program attracts a wonderfully diverse student body--energetic, fun, and interesting people from all over the world! Our students work in various sectors of the hospitality industry while they are attending school. We are fortunate to be located in Miami, a flourishing tourism destination with many career opportunities. Our graduates have a *World's Ahead* degree coupled with significant work experience. This combination is ideal for positioning yourself to succeed in the hospitality industry.

To familiarize yourself with our program and offerings, I encourage you to check out our website: myhospitality.fiu.edu. Perhaps you already know that we are considered one of the top ranked hospitality programs in the world. If I can answer any of your questions to help you make your decision to join our program, please feel free to contact me at newmand@fiu.edu.

It will be my pleasure to welcome you!

Sincerely,

Graduate Student Housing

FIU offers several housing options on campus through the office of [Housing & Residential Life](#). Graduate students often choose to live on campus so that they can have immediate access to their classes, labs and the myriad resources available to them. [Graduate student housing](#) is available both at the [Modesto Maidique Campus \(MMC\)](#) and [Biscayne Bay Campus \(BBC\)](#).

Should you prefer to live off-campus, FIU's [Office of Orientation & Commuter Student Services](#) maintains an off-campus housing listing at classifieds.fiu.edu.

Transportation

Whether you will be driving to campus or not, FIU's [Department of Parking and Transportation](#) provides several resources for students:

[General information](#) about parking at FIU (including passes, rates, locations, and more).

[Frequently Asked Questions \(FAQs\)](#) regarding parking and transportation (including bus/metro information).

Want to live closer to the beach but avoid making the drive to the MMC campus every day? FIU offers the [Golden Panther Express](#) between the Biscayne Bay campus and the Modesto Maidique campus. For a fraction of the cost that you would spend on gas a week, you can take one of the 20+ daily shuttles while using the travel time to study. There is also a smaller CATS Shuttle between MMC and the Engineering Center that is free for students.

Scheduling information for both the Golden Panther Express and CATS Shuttle is available at: http://parking.fiu.edu/bus_schedule.htm

The City of Miami also offers a [College Discount Pass](#) that can be used on the Miami [Metrobus](#) and [Metrorail](#). For a reduced rate, students have unlimited use of 90 different bus routes and over 22 miles of railway. This is just another way you can save money, utilize your free-time, and reduce your impact on the environment!
