**Instructions for the Declaration and Certification of Finances (DCF)**

<b>TO:</b>	International Graduate Applicants applying for F-1 or J-1 Student Status
<b>FROM:</b>	Graduate Admissions Office

Listed below are the procedures necessary to obtain the Certificate of Eligibility (the SEVIS I-20 for F-1 student status or the DS2019 for J-1 student status). The process for issuing your Certificate of Eligibility will begin once you have been admitted to the University and have submitted the necessary documentation to our office. **If you are currently holding an F-1 or J-1 Student Visa and are transferring from another US institution to FIU, you will still need to follow this procedure.**

**ALL STUDENTS** – We are required by the Department of Homeland Security/US Citizenship and Immigration Services to carefully check the financial ability of each student prior to requesting approval to issue your SEVIS I-20 OR DS-2019. Therefore, it is important that you are aware of the cost of attending FIU and that you have all necessary funds to support yourself. You must comply with the following procedures:

- (A) Meet the annual estimate of costs stated below.
- (B) Complete the **DECLARATION AND CERTIFICATION OF FINANCES** form and include appropriate documentation. It is very important that all questions be completed and accurately answered in order to avoid unnecessary delays in processing.
- (C) Return the **DECLARATION AND CERTIFICATION OF FINANCES** to:  
 Florida International University  
 Graduate Admissions Office  
 P.O. Box 659004  
 Miami, Florida 33265-9004

Your Declaration and Certification of Finances will be reviewed by the Graduate Admissions Office to determine your ability to meet the financial obligations while you are attending the University. If your DCF is not approved or if there are additional questions, you will be notified by mail.

Non-resident tuition is currently \$844.76 per semester hour.

\*\* Maintenance is estimated at \$1,317.77 per month to cover room, food, clothing, public transportation, and incidentals. The total cost is for 12 months. Room is based on the average cost for shared accommodations on-campus and off-campus. Costs for private accommodations are significantly higher.

\*\*\*All international students are **required** to carry medical insurance which meets University requirements. A policy is available for purchase at the Office of International Student and Scholar Services or online at: <http://www.collegiateriskmanagement.com>.

\*\*\*\*Only applicable for students admitted in Summer. Annual premium for medical insurance includes Summer term. Students admitted for the Summer term must enroll full-time for that term and for the following Fall and Spring terms.

**TRANSFER STUDENTS** - The US Citizenship and Immigration Services (USCIS) requires that you obtain from your current institution a release before your new SEVIS I-20 OR DS2019 is issued. Therefore, you need to obtain our Transfer Release Form, available on the web at <http://gradschool.fiu.edu/forms.html> and have it completed by the international student advisor at your current/previous school. Once we have received “this release,” we will begin the process for the final issuance of your SEVIS I-20 OR DS2019.

**Please note that this process will take a few days; the papers need to be electronically forwarded and approved by USCIS before issuing the SEVIS I-20 OR DS2019 form.**

**MARRIED STUDENTS**

A married student who plans to bring his/her dependents will require an additional \$6,000 for the spouse and \$4,000 for each child. These amounts should be added to the total under the appropriate column. Additional insurance for family of F-1 students is optional but highly recommended. Medical insurance is required for all J-2 dependents. F-2 dependents are not permitted to work or enroll in classes.

**TUITION (2009-2010)**

1. The Non-Florida Resident tuition cost per graduate credit hour is as follows and is subject to change.

Graduate	\$844.76
Receiving Graduate Assistantship (for at least 10 hours/week)	\$340.68

2. All tuition and fees, if paid by check, must be drawn from U.S. banks. Checks from overseas banks will not be accepted. No deferment of fee payment is available.

**ENROLLMENT**

**IMMIGRATION REGULATIONS REQUIRE** that graduate international students enroll full-time which is **at least 9 credit hours per semester**. Students who are admitted in the summer semester **must** enroll full time for that semester and subsequent terms.

**HOUSING AND FOOD**

Housing and food costs, as listed, are for students who SHARE living quarters. They DO NOT reflect additional funds necessary for deposits for rent, electricity, water, or telephone.
