

Dissertation Year Fellowship (DYF) Guidelines – Summer 2019

The Dissertation Year Fellowship (DYF) provides support to highly-qualified FIU doctoral students during the writing phase of their dissertation. It is intended to facilitate the timely completion of high-quality manuscripts and dissertations. **Dissertation Year Fellows are expected to graduate within one year after receiving the award.**

While we will strive for university-wide representation in the selected fellowships, in awarding fellowships, priority will be given to programs that are able to impact performance metrics in this fiscal year or next, are in strategic areas as defined by the Board of Governors, and prior performance in meeting graduation expectations will also be considered.

The University Graduate School (UGS) awards the DYF three times per year. The present application is for funding that begins in Summer Term 2019. DYFs provide a stipend of **\$16,600 for two terms, or \$8,300 per term** (inclusive of the term in which the dissertation is submitted to the UGS). After a student has advanced to candidacy, he/she is considered to be full-time if enrolled for a minimum of three dissertation credit hours per term (this applies to both domestic and international students). Therefore, fellowship recipients must enroll in, and the UGS will provide a tuition waiver for, **three dissertation** credit hours per term. Any additional credits beyond the three that are required will be the financial responsibility of the student.

Publications resulting from research supported in part through a DYF should acknowledge the financial support of a Florida International University Dissertation Year Fellowship. A copy of any such publication should be sent to the University Graduate School.

Please Note: UGS Fellowships can be awarded consecutively but not simultaneously.

In efforts to facilitate the application process for Fellowships, the UGS will continue to use the Academic Works portal (<https://fiu.academicworks.com/>) for the DYF Fellowship- Summer 2019 application cycle.

Applicants should submit their complete online application through **Academic Works** by **11:59PM on Friday, February 8, 2019.**
