

UNIVERSITY GRADUATE SCHOOL

Presidential Fellowship Guidelines – Fall 2016

The purpose of the Presidential Fellowships is to attract top-quality graduate students into doctoral degree programs at Florida International University. Students are awarded these Fellowships based on their potential to become outstanding scholars and future leaders in their disciplines.

Presidential Fellows receive a stipend of \$30,000 per twelve months for three years. The University Graduate School will provide the stipend for two of the three years and the unit is expected to provide the stipend for the remaining year. In addition, the UGS will provide a tuition fee waiver for 24 credits per year and health insurance for all 3 years of the fellowship.

During the two years of support from UGS, there are no teaching obligations on the part of the recipient. During the third year of support from the unit, the student is expected to have responsibilities consistent with the nature of the support, which may be either teaching or research assistantship.

Evaluation Criteria:

- Outstanding GPA
- Exceptional GRE or GMAT scores
- Other evidence of likelihood of outstanding future performance as a scholar
- Mentor's scholarly productivity and track record as an outstanding mentor to students and postdoctoral fellows. Part of the evidence will be obtained from the Annual Evaluation and Mentoring Plans submitted for previously advised students
- Excellent match between the student's research interest and the faculty's ongoing research program

Minimum Eligibility:

- GRE/GMAT: One of the two section scores, verbal and quantitative, meets or exceeds the 80th percentile, and the other score meets or exceeds the 60th percentile. Exceptional candidates will be considered; however, the lowest GRE score to be eligible is a 50th percentile.
- Undergraduate or graduate GPA is greater than or equal to 3.5.
- Student is not currently enrolled in doctoral programs at FIU.

Expectations:

Presidential Fellows' time to receipt of degree will be at least one term less than the unit's average.

Presidential Awardees will have submitted at least one first-authored manuscript to a national peer-reviewed journal prior to graduation.

Conditions for Annual Continuation of Fellowship:

Presidential Award recipients will be subject to an annual review of academic and scholarly progress. The unit must forward the annual review to the University Graduate School prior to renewal of the award. The recipient must enroll full time (9 credits in fall, 9 credits in spring, and 6 credits in summer) in the graduate program.

Nomination Procedure:

Each doctoral degree-granting **program** may submit **two nominations**. The programs *must* rank nominations. A nomination form is attached.

The unit must commit to the GA appointment equivalent to .50 FTE for one year at a minimum of \$30,000. Additional commitments made in the form of travel funds and/or research supplies will be viewed favorably by the evaluation committee.

Nomination form (attached) needs to be submitted with supporting documentation. **Submit completed electronic applications in a single pdf file/application to the UGS at dudleym@fiu.edu. Hard copy submissions will not be accepted.**

Supporting documentation:

1. A cover letter from the Graduate Program Director providing a justification for giving an award to this nominee. It should also include a list of publications for each Presidential recipient for the past 5 years (include pdf file of the page where fellowship was acknowledged).
2. A letter from the proposed mentor. This letter should describe the mentor's research interests and qualifications, including his/her record of obtaining external award

funding as well as a short narrative of previous mentoring experience (include the names of current and previously mentored graduate students, time to completion, research/academic productivity, and source of support for each).

3. Statement from the student describing any prior research and plans for future research.
4. Up to three letters of recommendation. If soliciting letters specifically for this application, please ask references to indicate if the student is in the top 1%, 5% or 10% of all students recommended for graduate school. If the letter of recommendation comes via e-mail, please print out the e-mail message with the header showing the attached file.
