

## Dissertation Year Fellowship (DYF) Guidelines – Fall 2023

The Dissertation Year Fellowship (DYF) provides support to highly-qualified FIU doctoral students during the writing phase of their dissertation. It is intended to facilitate the timely completion of high-quality manuscripts and dissertations. **Dissertation Year Fellows are expected to graduate within one year after receiving the award.**

While we will strive for university-wide representation in the selected fellowships, priority will be given to programs that are able to impact performance metrics in this fiscal year or next, and are in strategic areas as defined by the Board of Governors. Prior performance in meeting graduation expectations will also be considered.

The University Graduate School (UGS) awards the DYF three times per year. The present application is for funding that begins in Fall 2023. DYF provides a stipend of **\$18,899.10 for two terms, or \$9,449.55 per term** (inclusive of the term in which the dissertation is submitted to the UGS). After a student has advanced to candidacy, he/she is considered to be full-time if enrolled for a minimum of three dissertation credit hours per term (this applies to both domestic and international students). Therefore, fellowship recipients must enroll in **three dissertation** credit hours per term. UGS will provide a tuition waiver for three dissertation credits only. Any additional credits beyond the three that are required will be the financial responsibility of the student.

Publications resulting from research supported in part through a DYF should acknowledge the financial support of a Florida International University Dissertation Year Fellowship. A copy of any such publication should be sent to the University Graduate School.

### IMPORTANT TO CONSIDER

- Deferment of the DYF Fellowship is **NOT** allowed.
- Students may not hold any other employment or undertake other types of training during the period you are receiving your fellowship.
- The DYF Fellowship is processed through Financial Aid. The stipend, which is considered a “scholarship”, is disbursed as a lump sum at the beginning of the semester. Please note that in order not to exceed the cost of attendance, the DYF Fellowship may impact your ability to receive other types of financial aid such as student loans. Please contact Financial Aid at 305-348-7272 if you have any questions.
- UGS Fellowships can be awarded consecutively but not simultaneously.
