

## Select External Funding Opportunities\* with Spring 2024 Deadlines

\*FIU graduate students applying to external fellowships are required to fill out External Fellowship Information Form [HERE](#)

\*Opportunities in green are open to non-citizens

**[Dr. and Mrs. W.C. Culp Student Research Grant](#)**- Grants are available to undergraduates and medical students currently enrolled in a MD, DO, or PhD equivalent degree program in medical institutions within the United States and Canada. Applicants must be citizens of the United States or Canada or have permanent resident status therein. DACA recipients are also eligible. Permanent Residents and DACA recipients must submit documentation of their status

**One year award amount:** \$6,000

Dissertation defended by Jan 15, 2025

**Application opens on April 1 2023, 12:00AM (EDT) and closes January 15 2024, 5:00PM (EST).**

**[Modeling, Simulation & Training Fellowships](#)** - The applicant must be currently working toward a Ph.D. in an established doctoral degree program and must meet the following criteria

- No limitations are placed on citizenship.
- Fellows must be enrolled as full-time students during the fellowship year
- Fellowships are awarded to students who devote full-time to their research projects for the entire Fellowship period ( e.g. they are not actively working elsewhere in addition their proposed research). Those working full time may be considered if they are taking a leave of absence during the fellowship year in order to devote full time to their research.
- Fellowships are only available to students enrolled at U.S. or Canadian Universities.

**Award (max amount):** \$35,000

**Application deadline:** January 15 2024, 5:00PM (EST).

**[National Fellowship \(The Jefferson Scholars Foundation\)](#)**- The Jefferson Scholars Foundation encourages applicants from a broad range of disciplines, including, but not limited to, history, political science, policy studies, law, political economy, communications and media, and sociology. Applicants will be judged on the quality of their scholarship and on their potential to shed new light upon contemporary developments in American politics, foreign policy, and America and the World.

Each Fellow is required to participate in two conferences, one in the fall and one in the spring. The conferences provide a forum for presenting research and findings to the scholarly community at the Jefferson Scholars Foundation and the University of Virginia. The spring conference in particular provides an opportunity to receive feedback from mentors who are also in attendance. Expenses for both conferences are paid for by the Jefferson Scholars Foundation. An applicant must be a Ph.D. candidate who is expecting to complete his or her dissertation by the conclusion of the Fellowship year. This is not a post-doctoral fellowship. Non-U.S. citizens are eligible to apply.

**Award (max amount):** \$30,000 stipend first year (potentially second), up to \$5,000 in research funds

**Application deadline: January 15 2024**

[Department of Energy Computational Science Graduate Fellowship \(CSGF\)](#)- The program fosters a community of energetic and committed Ph.D. students, alumni, DOE laboratory staff and other scientists who want to have an impact on the nation while advancing their research. Fellows come from diverse scientific and engineering disciplines but share a common interest in using computing in their research. Must be U.S. Citizen or permanent resident at the time of application, eligibility will be extended to:

- Undergraduate seniors
- Applicants with no more than B.S. or B.A. degrees who are not enrolled in graduate school
- First-year graduate students (M.S. degree or Ph.D. students without an M.S. degree)
- Enrolled M.S. degree students beyond their first year provided that they plan full-time, uninterrupted study toward a Ph.D. at: 1) a different academic institution, OR 2) in a different department
- Applicants with no more than M.S. degrees who are not currently enrolled AND who will not have been enrolled in graduate school for two years prior to resuming graduate studies
- First-year Ph.D. students with an M.S. degree if they 1) completed the M.S. degree within 2 years at a different academic institution, 2) completed the M.S. degree within 2 years in a different academic department, OR 3) prior to current enrollment, they had not been enrolled in graduate school for at least 2 years.

During the fellowship period, fellows are required to be enrolled as full-time graduate students at an accredited U.S. college or university and conduct research in areas of interest to the DOE. The summer should be spent conducting full-time research related to the completion of one's degree program, enrolled in classes or on a practicum assignment.

**Award (max amount):** \$45,000 stipend per year, \$4,000 professional development allowance up to 4 years

**Application deadline: January 17 2024**

[Master of Fine Art Fellowship in Painting & Sculpture](#) - The Dedalus Foundation Master of Fine Arts Fellowships in Painting and Sculpture are awarded annually to final-year students who are graduating from an M.F.A. degree program in the United States.

LIMITED SUBMISSION Candidacy for the fellowship is by nomination only. Each fall, department chairpersons from M.F.A. programs in painting and sculpture are invited to submit nominations. Nominees should be graduating in the spring semester that directly follows the fall nominating cycle. Nominees need not be U.S. citizens. Each institution may nominate two candidates.

**Award (max amount):** \$15,000 stipend each year

**Application deadline: January 18 2024**

[ACS Bridge Travel & Professional Development Award](#)- To defray registration and travel costs for underrepresented students to attend the ACS Spring 2023 National Meeting and/or any career and professional development event of the recipient's choice. This award will cover the registration, travel, and lodging costs for applicants who would like to attend the ACS Spring 2023 National Meeting and/or fees of other online workshops, courses, and virtual events.

Professional Development activities can range from technical writing courses to business management programs to scientific meetings to technical skill workshops. Students should apply for this award to refine existing skills while also learning new ones to supplement their educational and career aspirations. Must be a U.S. Citizen and a graduate student in the chemical sciences.

**Award (max amount):** up to \$2,000

**Application deadline: January 19 2024**

[Chateaubriand Fellowship in Humanities & Social Sciences](#) - Grant offered by the Embassy of France in the United States. It supports outstanding Ph.D. students from American universities who wish to conduct research in France for a period ranging from 4 to 8 months. Chateaubriand fellows are selected through a merit-based competition, through a collaborative process involving expert evaluators in both countries.

The program is divided into two subprograms: Science, technology, engineering, math, and health; and humanities and social sciences.

- You must be currently working on your PhD
- You must be registered in an American university (US citizenship is not required; however, French citizens are not eligible)
- All STEM and Health research topics are eligible
- Research should be performed in a French laboratory (university, engineering school, public research laboratory...)
- Your US and French advisors must agree to co-supervise part of your thesis
- Knowledge of French is not mandatory and is left to the discretion of the host institution
- Co-sponsorship by a candidate's American university or French host institution is encouraged

**Award (max amount):** Up to 1400 Euros/month, and travel & insurance

**Application deadline: January 27 2024, 12pm (EST)**

[Chateaubriand STEM Fellowship Program](#) in Humanitarian & Social Sciences - Grant offered by the Embassy of France in the United States. It supports outstanding Ph.D. students from American universities who wish to conduct research in France for a period ranging from 4 to 8 months. Chateaubriand fellows are selected through a merit-based competition, through a collaborative process involving expert evaluators in both countries.

The program is divided into two subprograms: Science, technology, engineering, math, and health; and humanities and social sciences.

- You must be currently working on your PhD
- You must be registered in an American university (US citizenship is not required; however, French citizens are not eligible)
- All STEM and Health research topics are eligible
- Research should be performed in a French laboratory (university, engineering school, public research laboratory...)
- Your US and French advisors must agree to co-supervise part of your thesis
- Knowledge of French is not mandatory and is left to the discretion of the host institution
- Co-sponsorship by a candidate's American university or French host institution is encouraged

**Award (max amount):** Up to 1750 Euros/month, and travel & insurance

**Application deadline: January 19 2024, 12pm (EST)**

[Boren Fellowships](#)- Fund research and language study proposals by U.S. graduate students in world regions critical to U.S. interests. Must be a U.S. Citizen.

**Award (max amount):** Maximum awards are determined by duration abroad:

Up to \$25,000 for 25-52 weeks (preferred)

Up to \$12,500 for 12-24 weeks

+ Up to \$12,000 for domestic language study (optional)

**Application deadline: January 24, 2024**

[Research Fellowship](#)- The Virginia Museum of History & Culture (VMHC) offers research fellowships of up to three weeks a year to promote the interpretation of Virginia history and access to its collections. For the purpose of this program, a week is defined as five days in the research library, which is open 10am to 5pm, Monday through Saturday. Supported research in the following general categories of study, but are not limited to: Political, Constitutional Religious, Military, and Black Studies; Business history, economic history, and labor relations; Gender, women's, and LGBTQ+ studies; Social, cultural, and literature studies. For Doctoral students.

**Award (max amount):** Majority of the fellowships carry a weekly stipend of \$1,000, or \$500 per week for local commuters

**Application deadline: January 26, 2024**

[Center for Retirement Research at Boston College \(CRR\)](#)- The Center for Retirement Research at Boston College sponsors the annual Dissertation Fellowship Program in the field of retirement or disability research. The program is funded by the U.S. Social Security Administration and provides funding opportunities for doctoral candidates to pursue cutting-edge research on retirement or disability issues. Research focal areas include: Disparities by race and ethnicity; Decline in SSDI and SSI applications; Improving communication and outreach; Economic security of SSA beneficiaries; Improving service delivery; Return-to-work; and Informing Trust Fund projections.

**Award (max amount):** \$28,000

**Application deadline: Application opens in 2024**

[SWE Graduate Scholarships](#)- The SWE Scholarship Program provides financial assistance to those who identify as a woman and are studying community college, baccalaureate, or graduate programs in preparation for careers in engineering, engineering technology and fields related to engineering. In 2022, SWE awarded nearly 330 new and renewed scholarships valued at over \$1,700,000! Applicants complete one application and are considered for all scholarships for which they are eligible.

**Award (max amount):** Varies

**Application deadline: January 31, 2024, 5:00PM CT**

[Queen-Nellie Evans Scholarship](#)- The APF Queen-Nellie Evans Award will fund a graduate student from an underrepresented group, who has a demonstrated financial need and is committed to improving the disparities in societal structures and issues that negatively impact communities of color, particularly communities of African descent, particularly: root causes; interventions direct or indirect effects to individual mental and physical health and well-being; broader negative social or psychological effects on the impacted population.

Preference is given to those who: are preparing for a career in academia, clinical service delivery, or public policy; see their work as helping to improve the condition of marginalized communities after the completion of their graduate studies; are members of the communities they seek to serve; or have demonstrated experience serving marginalized communities. Must be a minority graduate student enrolled in an accredited master's or doctoral program.

**Award (max amount):** \$4,000

**Application deadline: January 31, 2024**

[Oncology Nursing Foundation Doctoral Scholarship](#)- To provide scholarships to registered nurses who are interested in and committed to oncology nursing to continue their education by pursuing a research doctoral degree (PhD or DNSc) or clinical doctoral degree (DNP).

- The applicant must be currently enrolled in, accepted to, or have applied to a Ph.D. or DNP nursing degree program at an accredited institution in the 2024-2025 academic year (starting fall 2024)
- The candidate must be in good academic standing
- The candidate must be a registered nurse
- The candidate must have a commitment to oncology
- The candidate must provide a letter of reference from the current work supervisor or academic advisor on organizational letterhead, signed by the individual providing the recommendation.
- Agree to participate in a post-graduation survey

**Award (max amount):** up to \$7,500

**Application deadline: February 1, 2024, 4:30pm (EST)**

[NRC Research Associate Programs](#)- In the NRC Research Associateship Programs, prospective applicants select a research project or projects from among a large group of Research Opportunities available through this website. Prior to completing an application, prospective applicants should contact the Research Adviser listed with the selected Research Opportunity(ies) to assure that funding will be available if the application is recommended by NRC Research Associateship Programs panels. Once a host laboratory and Research Adviser are identified and the applicant has contacted the proposed Research Adviser, an application is submitted through the NRC Research Associateship Programs online application system. Reviews are conducted four times each year, and review results are available to applicants six to eight weeks following the application deadline. Prospective applicants should carefully read the details and eligibility of the program to which they are applying.

**Award (max amount):** Varies

**Application deadline: February 1, 2024, 5:00PM ET**

[China and Inner Asia Council Small Grants](#)- The China and Inner Asia Council of the AAS (CIAC) is soliciting applications for awards of up to \$2,000. Dissertation-level graduate students and scholars with special interests in China, Taiwan, or Inner Asia are invited to submit proposals. CIAC Small Grant awards are made possible through funding provided by the Chiang Ching-kuo (CCK) Foundation and from AAS member donations.

Types of Grants: Short research trips; Short research trips for translators; Organization of conferences and seminars; Specialist or regional newsletters or websites.

Applicants must be current AAS members, but there are no citizenship requirements. Dissertation-level graduate students, junior and independent scholars (including language pedagogues and librarians), and adjunct faculty are especially encouraged to apply, but scholars of all levels are eligible. Applicants must not have received a CIAC Small Grant within the past three years. Only one application per individual will be accepted in any one grant application round.

**Award (max amount):** up to \$2,000

**Application deadline: February 1, 2024**

[Harry Frank Guggenheim Emerging Scholars Awards](#)- The Foundation welcomes proposals from any of the natural and social sciences or allied disciplines that promise to increase understanding of the causes, manifestations, and control of violence and aggression. Highest priority is given to research that addresses urgent, present-day problems of violence—what produces it, how it operates, and what prevents or reduces it.

The Foundation is interested in violence related to many subjects, including, but not limited to, the following: War, Crime, Terrorism, Family and intimate-partner relationships; Climate instability and natural resource competition; Racial, ethnic, and religious conflict; Political extremism and nationalism

The Foundation supports research that investigates the basic mechanisms in the production of violence, but primacy is given to proposals that make a compelling case for the relevance of potential findings for policies intended to reduce these ills. Likewise, historical research is considered to the extent that it is relevant to a current situation of violence. Examinations of the effects of violence are welcome insofar as a strong case is made that these outcomes serve, in turn, as causes of future violence.

**Award (max amount):** \$25,000

**Application deadline:** February 1, 2024

[AHRQ Grants for Health Services Research Dissertation Program](#)- AHRQ welcomes any area of health services research relevant to AHRQ's priority areas as a dissertation project topic. AHRQ's priority areas of focus are: Research to improve health care patient safety, Harnessing data and technology to improve health care quality and patient outcomes and to provide a 360-degree view of the patient, Research to increase accessibility and affordability of health care by examining innovative market approaches to care delivery and financing.

Candidates are encouraged to address health services research issues critical to AHRQ priority populations, including: individuals living in inner city or rural (including frontier) areas; low-income and minority groups; women, children, the elderly; and individuals with special health care needs, including those with disabilities and those who need chronic or end-of-life health care

**Award (max amount):** \$20,000 (direct research costs)

**Application deadline:** February 1, 2024

[Scholarships \(SME Education Foundation\)](#)- The Society of Manufacturing Engineers (SME) scholarships offer students a powerful reason to choose a manufacturing focused education. With more than 60 distinct scholarship programs, the Foundation provides merit and need-based scholarships, issues renewing and one-time awards, and seeks applications from all eligible students, including but not limited to young women and underrepresented communities. The Foundation has awarded 18 million to over 5,000 future industry leaders since 2005 and awards nearly a million dollars in scholarships each year.

**Award (max amount):** \$2,500-\$20,000

**Application deadline:** February 1, 2024

[Value Assessment and Health Outcomes Research Predoctoral Fellowship](#)- The PhRMA Foundation's Predoctoral Fellowship in Value Assessment-Health Outcomes Research (VA-HOR) is designed to support promising students (U.S. and non-U.S. citizens) during advanced stages of training and thesis research in value assessment and health outcomes research.

**Award (max amount):** \$30,000 a year for up to 2 years

**Application deadline:** February 1, 2024 @ 12pm (EST)

[Dalmas A. Taylor Memorial Summer Minority Policy Fellowship](#)- This fellowship is funded by Society for the Psychological Study of Social Issues (SPSSI) and administered in conjunction with APA Advocacy and the APA Minority Fellowship Program. It provides an opportunity for a doctoral student who is an ethnic minority to work on public policy issues for an entire summer. The Taylor Fellowship program emphasizes participation in a range of policy activities and can include a number of projects. In addition to attending congressional hearings and briefings, and other federal policy-focused events (e.g., meetings with federal agencies and policy coalitions), the Taylor Fellow can: Craft a policy brief, Write a blog post for SPSSI's "Sound Science, Sound Policy" blog, which is published by PsychologyToday, Plan a policy-focused webinar for SPSSI members and the broader social justice-minded APA community, Write a newsletter column for SPSSI's member e-newsletter, *Forward*. As part of the fellowship, the

Taylor Fellow will also: Participate in SPSSI's Summer Conference and Policy Workshop preconference in Philadelphia (June 20-23, 2024), Meet SPSSI leaders and leaders at the intersection of the psychology and policy world, Conduct background research and draft policy materials alongside APA Public Interest Government Relations staff, Participate in APA's Minority Fellowship Program Summer Psychology Institute (typically held in person in Washington, DC in late June or early July)

**Award (max amount):** \$3,000 (\$4,500 if in person)

**Application deadline:** February 1, 2024 @ 12pm (EST)

Autism Research [Graduate Research Grant Competition](#)- The Board of Directors of the Organization for Autism Research (OAR) approved the establishment of the Graduate Research Grant Program intended to encourage and support students conducting research pursuant to graduate and post-graduate studies in disciplines related to assessment, intervention and support of autistic learners and their families. OAR invites research proposals for its annual Graduate Research Grant Program. Note that these grants are for independent research studies only. Through this competition, OAR intends to promote research in the following areas: The analysis, evaluation, or comparison of assessment models, treatment models, or service systems, Applied aspects of early intervention and/or school-based education, behavioral, or communication intervention, Adult issues such as continuing education, employment, housing models and "later intervention", Issues related to family support, social and community integration, and assessment and intervention with challenging behavior, The efficacy of alternative or augmentative communication systems for autistic individuals across the lifespan, Applied research that occurs in the *in vivo* context in which the outcome of intervention is expected to be used. OAR seeks to fund studies that will likely produce practical and clearly objective results that may aid parents, families, professionals, and autistic people to make more fully informed choices that will lead to healthier and happier lives.

**Award (max amount):** \$2,000 for Doctoral or Post-doctoral candidates, \$1,000 for Master's candidates

**Application deadline:** February 5, 2024

[Beth Rom-Rymer Scholarships](#)- The Beth N. Rom-Rymer Scholarships provide support to both graduate students and practicing, licensed psychologists to complete their training in psychopharmacology programs, which adhere to the APA model curriculum of didactic training in clinical psychopharmacology. Applicants must be graduate students or practicing, licensed psychologists with evidence of having enrolled in a training program in clinical psychopharmacology, which adheres to the APA model curriculum of didactic training in clinical psychopharmacology. Preference will be given to those applicants who are committed to working with the underserved.

**Award (max amount):** \$5,000

**Application deadline:** February 7, 2024

[Henry P. David Grant for Research in Human Reproductive Behavior & Population Studies](#)- The American Psychological Foundation's Henry David Fund was established to support young psychologists with a demonstrated interest in the behavioral aspects of human reproductive behavior or an area related to population concerns.

The Research Grant provides up to \$1,000 for support of ongoing research in behavioral aspects of population studies or human reproductive behavior. Applicants must: Be graduate students conducting dissertation research or early career researchers with not more than 10 years postgraduate experience, Demonstrate interest in human reproductive behavior or related population concerns. Open to

applicants in all relevant disciplines who have a demonstrated psychological approach to their work, with preference given to psychologists.

**Award (max amount):** \$1,000

**Application deadline:** February 14, 2024

[Neuroscience Scholars Program \(NSP\)](#)- The Neuroscience Scholars Program (NSP) is a two-year training program open to underrepresented graduate students and postdoctoral researchers. Building on a 30-year history, NSP provides resources focused on career advancement issues, the research process, and cutting-edge scientific content. NSP participants have access to: Live events and webinars, educational resources, an online group for those seeking career connections and guidance from mentors and NSP Alumni. Must be citizen or permanent resident of the United States.

**Award (max amount):** \$1,500 and travel award

**Application deadline:** February 14, 2024

[Bernadotte E. Schmitt Grant for Research in European, African, or Asian History](#)- The American Historical Association offers the Bernadotte E. Schmitt Grants to support research in the history of Europe, Africa, and Asia. The funds for this program come from the earnings of a bequest from Bernadotte E. Schmitt, president of the Association in 1960. These modest annual grants are intended to further research in progress and may be used for travel to a library or archive, for microfilms, photographs, or photocopying—a list of purposes that is meant to be merely illustrative, not exhaustive (other expenses, such as child care, can be included). Individual grants up to \$1,500 will be awarded. See the list of past recipients. Only members of the Association are eligible to apply for AHA research grants. Grants are awarded each June and may be used anytime in the subsequent 15 months for expenses related to furthering research in progress. Preference will be given to advanced doctoral students, non-tenured faculty, and unaffiliated scholars, and to those with specific research needs, such as the completion of a project or a discrete segment thereof.

**Award (max amount):** \$1,500

**Application deadline:** February 15, 2024

[Substance Use/Substance Use Disorder Dissertation Research Award \(R36 – Clinical Trials Optional\)](#)- The goal of this FOA is to support doctoral candidates from a variety of academic disciplines for up to two years for the completion of the doctoral dissertation research project. Research projects should align with NIDA funding priorities detailed here (<https://www.drugabuse.gov/funding/funding-priorities>) or within the NIDA Strategic Plan (<https://www.drugabuse.gov/about-nida/2016-2020-nida-strategic-plan>). This award will facilitate the entry of promising new investigators into the field of substance use/substance use disorder (SU(D) research, enhancing the pool of highly talented SU(D) researchers. Applications are particularly encouraged from those who can contribute to diversifying the research workforce as described in the Notice of NIH's Interest in Diversity (NOT-OD-20-031).

**Award (max amount):** \$50,000 in direct costs over 2 years

**Application deadline:** February 16, 2024

[Jean Hankin Nutritional Epidemiology Research Grant](#)- This grant is given to provide financial support to a doctoral student working on a dissertation in the area of nutritional epidemiology. Must be U.S. citizen or a permanent resident.

**Award (max amount):** \$20,000

**Application deadline:** February 20, 2024 @ 5pm (CT)

[Amy Joye Memorial Research Award](#)- Applicants are required to work with a mentor whose projects involve human research and focus on: Dietary assessment methodology to investigate/enhance accuracy of dietary reports, Obesity prevention/weight control, or Fruit/vegetable gardens.

**Award (max amount): \$5,000**

**Application deadline: February 20, 2024**

[Dr. Christine Blasey Ford Grant](#)- The Dr. Christine Blasey Ford Grant will provide up to \$3,000 to support innovative work to support graduate students and early career researchers conducting work focusing on the understanding, prevention and/or treatment of the consequences of exposure to traumatic events such as sexual assault, sexual harassment and/or rape.

Applicants must: Be a graduate student or early career psychologist (a doctoral level psychologist who is no more than 10 years postdoctoral), Be affiliated with nonprofit charitable, educational and scientific institutions, or governmental entities operating exclusively for charitable and educational purposes, Have a demonstrated knowledge of trauma and trauma research, Have demonstrated competence and capacity to execute the proposed work, Have IRB approval from host institution before funding can be awarded if human participants are involved.

**Award (max amount): \$3,000**

**Application deadline: February 21, 2024**

[URA Visiting Scholars Program](#)- Applicants must be enrolled at URA member institutions during the course of the award.

Applicants must be performing Research in high energy physics experiments, astrophysics, theory, accelerator physics, materials science, computer science, engineering, and accelerator R&D related to the Fermilab mission.

**Award (max amount): \$50,000**

**Application deadline: February 26, 2024**

[Michael Jenike Young Investigator Award](#)- The Jenike Awards are funded by individual donors to the IOCDF Research Grant Fund, and because we allow donors to restrict their donations to specific purposes, we have funding set aside for projects in several areas, including: **Increasing Access to Treatment for All — With recognition of existing disparities related to access to effective treatments for OCD, we encourage applications for this topic in 2024**, Body dysmorphic disorder (BDD), The role that Race, Ethnicity, and Culture play in OCD and related disorders, OCD treatment, Research into the causes of OCD, including genetic causes; Pediatric OCD, PANDAS/PANS, Hoarding disorder.

**Award (max amount): \$50,000**

**Application deadline: February 28, 2024 @ 5pm (EST)**

[Short-Term Research Fellowship](#)- The Association of Public Health Laboratories (APHL) and the US Centers for Disease Control and Prevention (CDC) are seeking degreed applicants who are interested in starting or furthering an exciting new career in laboratory science while working collaboratively with industry leaders and developing professional networks.

Fellowship stipends are \$1,000 per week for a minimum of two and maximum of four weeks. Non-U.S. citizens are eligible to apply.

**Award (max amount): \$4,000**

**Application deadline: March 4, 2024**

[Sigma Xi Grants in Aid of Research \(GIAR\)](#) – The Scientific Research Honor Society (and publisher of the journal *American Scientist*), offers Grants in Aid of Research of **up to \$5,000** for graduate student Sigma Xi members and **up to \$1,000** for graduate student non-members for scientific research. Applicants are eligible to receive a total of two Grants in Aid of Research. Every year, several FIU graduate students in different departments receive funding from the Sigma Xi national office for their research projects. The program strongly encourages applications from women and underrepresented minorities.

**Award (max amount):** \$500-\$5,000

**Application Deadline: March 15, 2024**

[APHL-CDC: Bioinformatics Fellowship Program](#)- The New York Public Library is pleased to offer Short-Term Research Fellowships to support scholars from outside the New York metropolitan area engaged in graduate-level, post-doctoral, and independent research. Individuals needing to conduct on-site research in the Library's special collections are welcome to apply. Preference is given to applications making a strong case for accessing special collections materials.

Fellowships support a wide spectrum of public health laboratory program areas, such as: bioinformatics, biosafety and biosecurity, emergency preparedness and response, environmental health, infectious disease, informatics, food safety, newborn screening, and quality management. Each fellow will be trained in alignment with established public health laboratory core competencies and functions and will work on unique program-specific projects and other initiatives in host laboratories.

**Award (max amount):** Varies by location

**Application deadline: No deadline; applications accepted and reviewed on a rolling basis**

[Doctoral and Postdoctoral Fellowships](#)- The German Historical Institute (GHI) awards short-term fellowships to European and North American doctoral students as well as postdoctoral scholars to pursue research projects that draw upon primary sources located in the United States.

We are particularly interested in research projects that fit into the following fields: German and European history, The history of German-American relations, The role of Germany and the USA in international relations, American history (European doctoral and postdoctoral scholars only)

The proposed research projects should make use of historical methods and engage with the relevant historiography. We especially invite applications from doctoral and postdoctoral scholars who currently have no funding from their home institutions. The fellowships are usually granted for periods of one to five months but, in exceptional cases and depending on the availability of funds, they can be extended by one month.

**Award (max amount):** 2,000 euros per month (doctoral), 3,400 euros per month (postdoctoral)

**Application deadline: April 1, 2024**

[Visionary Grants](#)- The APF Visionary Grants seek to seed innovation through supporting research, education and intervention projects and programs that use psychology to solve social problems in the following priority areas: Applying psychology to at-risk, vulnerable populations (e.g. serious mental illness, returning military, those who are incarcerated or economically disadvantaged); Preventing violence; Understanding the connection between behavior and health (e.g. wellness, diabetes, obesity); Understanding and eliminating stigma and prejudice (e.g. race, gender, sexual orientation, religion, age, disability and socioeconomic status); furthering racial equity.

**Award (max amount):** \$20,000

**Application deadline: April 3, 2024**

[Mental Health Research Dissertation Grant to Enhance Workforce Diversity \(R36 Independent Clinical Trial Not Allowed\)](#) - The purpose of this Funding Opportunity Announcement (FOA) is to enhance the diversity of the mental health research workforce by providing dissertation awards in all research areas within the strategic priorities of the NIMH to individuals from diverse backgrounds, including those from groups underrepresented in biomedical, behavioral, clinical and social sciences research. This FOA provides support to complete a mental health-related doctoral research project and includes funds not readily available in NRSA predoctoral (F31) awards, which limit support to stipends, tuition and fees, and institutional allowance.

**Award (max amount):** Stipend and \$15,000 for additional expenses

**Application deadline: April 10, 2024**

[NEH Fellowships](#) – The National Endowment for the Humanities (NEH) Fellowships support individuals pursuing advanced research that is of value to humanities scholars, general audiences, or both. Period of performance: 6 to 12 months. Recipients usually produce articles, monographs, books, digital materials, archaeological site reports, translations, editions, or other scholarly resources in the humanities. Projects may be at any stage of development.

**Award (max amount):** up to \$60,000

**Application deadline: April 10, 2024**

[Graduate Dietetic Scholarships](#) - The scholarship proudly offers a singular, centralized application. By completing our scholarship application, the Foundation will automatically consider you for every scholarship we are offering that you meet the eligibility for. If you meet our general eligibility criteria, listed below, we encourage you to consider applying.

You must be accepted to, or presently enrolled in, one of the following programs:

an advanced degree program in a US regionally accredited college or university (Please note, your major must be in nutrition and dietetics or a related field and you must intend to practice within the field of dietetics to qualify), a Coordinated or Future Education Model Graduate program accredited by ACEND®  
You must be minimally enrolled for four months of the academic year (August 2024 to July 2025)

**Award (max amount):** \$10,000

**Application deadline: April 23, 2024 @ 10am (CT)**

[Kappa Delta Pi International Scholarship Program](#) – Education field of study; Awards must be used to advance the recipients' studies and/or teaching career. Tuition/student loans, curriculum books, technology, classroom manipulatives, and items to establish your first classroom are acceptable. Award funds are given in the form of a check made payable to the recipient and will be mailed in July. A final report is required to outline the use and impact of award funds. Must be a member of Kappa Delta Pi.
